CAREER OBJECTIVE

Computer Science Engineering student with a strong interest in software development, web technologies, and problem-solving. Seeking an opportunity to apply technical skills, gain industry experience, and contribute to innovative software solutions while continuously developing professional skills.

EDUCATION

B.E. Computer Science and Engineering
PPG Institute of Technology

Expected Graduation: 2028

TECHNICAL SKILLS

Programming: Java

Web Technologies: HTML, CSS, JavaScript

Tools: Git, GitHub

Development: Web Development

PROJECTS

AI & MCP Powered Smart Energy Management System (ECO-SYNC)

An intelligent energy management system combining AI, MCP and IoT technologies to monitor and optimize energy consumption in smart appliances.

AI-Based Medical Image Analysis

An explainable AI project using Grad-CAM to visualize important regions in medical images and make AI predictions easier to understand.

Personal Portfolio Website

A responsive portfolio website built using HTML, CSS and JavaScript to showcase technical skills, projects, certifications and coding profiles.

INTERNSHIP EXPERIENCE

Web Development Intern — GETIN Technologies | Dec 2025 – Jan 2026

- Completed an internship focused on web development.
- Worked on Shopify development, including store setup and customization.
- Gained practical exposure to web development workflows and customization.
- Demonstrated technical learning, active participation, and professional attitude.

CERTIFICATIONS

- **Java Programming Fundamentals** — Infosys Springboard | Aug 2026
- **AI for Beginners** — HP LIFE | 2026
- **MongoDB Basics for Students** — MongoDB | 2026
- **Fundamentals of Deep Learning** — NVIDIA | 2025

ADDITIONAL SKILLS

• Problem Solving • Communication • Team Collaboration • Continuous Learning

Languages: Tamil (Native), English (Professional working proficiency)
